CLASSIC ROLE-PLAYING

Avernium 2 is the latest high-quality RPG games for Mac game fanatics everywhere!

BETTER THAN PRO AUDIO

With T-RackS 2.0, you can master audio files in 24-bit resolution for high quality mixes.

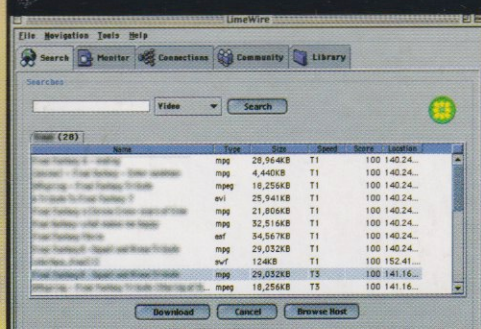

IT'S BUTT-KICKING TIME!

HIGHLIGHT OF THE MONTH

After years of waiting, Oni hits the streets and we have the demo for you. And yes, it was worth the wait.

BUH-BYE SCOUR

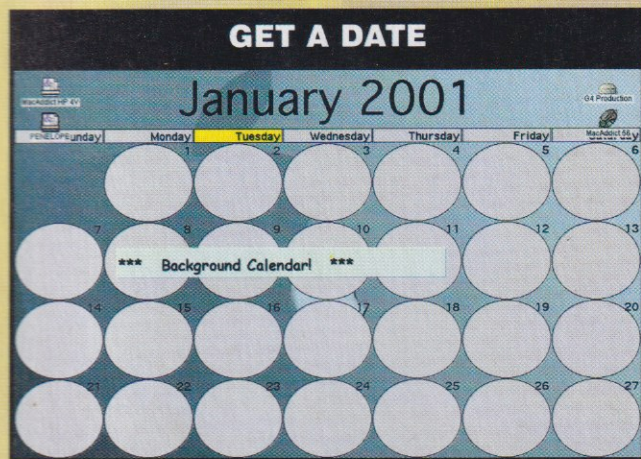

We've got LimeWire—a Mac client for sharing all kinds of media using the Gnutella protocol.

ALSO ON THE DISC

KinkyBeep II 2.0, Amadeus II v.3.0, Mactella 1.0, Primus 1.8, The Cow Catching Game 1.0, FontShowcase 3.0.6, iDo Script Scheduler 1.1.1, Joliet Volume Access 1.3,

...BUT WAIT, THERE'S MORE!

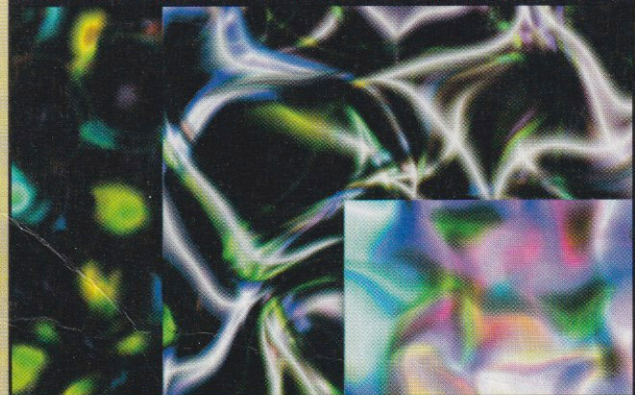

If a calendar is all you need, why not turn your desktop into one? **Background Calendar** is the answer to knowing "when" you are at a glance.

FILMMAKER'S UTILITIES

We've got a small suite of great Palm utilities for the filmmaker. **Armadillo**, **Chalk**, **Ginger**, and **palmSlate** are great programs for the producer on a budget.

PSYCHEDELIA THROUGH PLUG-INS

Hue and Cry, a new Photoshop plug-in, will create
