SEPTEMBER 2001

PICTURES IN MOTION

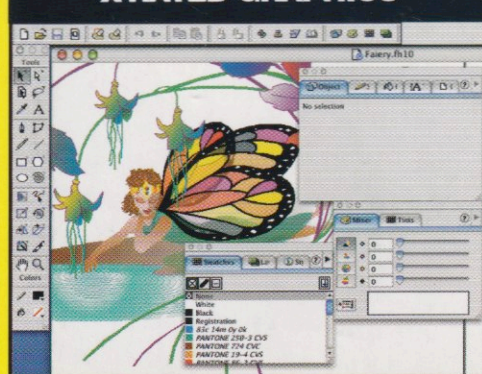

Adobe After Effects 5, the video and motion-picture industry's favorite for motion graphics, allows you to work on your 2D graphics in 3D space.

VISUALS TO DANCE TO

With Onadime Composer, you can create live, visual art from sound, video, MIDI, and other media—great for DJs!

X-RATED GRAPHICS

Macromedia jumps into the professional graphics race with FreeHand 10. Now it's Mac OS X native!

SpecMACular 5th Anniversary DVD!

HIGHLIGHT OF THE MONTH

MacAddict is five years old, and to celebrate we're rewarding all you dear readers with a special free DVD offer (\$3.99 for shipping and handling)! Just visit our Web site at www.macaddict.com/dvdoffer to find out how to take advantage of this exclusive offer! Here's what you get:

On your Mac!

- Every MacAddict staff video from issues 1 through 60 on our DVD. That's over 2GB—several hours of video! Discover the history of "Prison Guy" and the iBorg. What better way to become a true MacAddict?
- All episodes of *The MacAddict Hour*, Imagine Media's classic radio show—over 23 hours of listening!

On your TV!

- The famous "Funny Macs" video from the July 2001 issue of MacAddict. A favorite!
- "Robogates"—a Mac-made comedy, chock-full of special effects, with a special appearance by San Francisco mayor Willie Brown!
- The music video "I Will Love You" by Mac-fanatic band Fisher!

AND MORE!

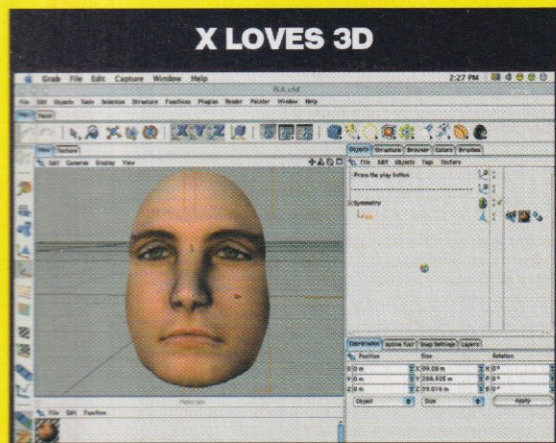

ALSO ON THE DISC

MegaSeg 2.0 demo, REplay PLAYer 2.4, Storm 1.5 demo, AskTheWeb 1.1b4v2, WebSavant

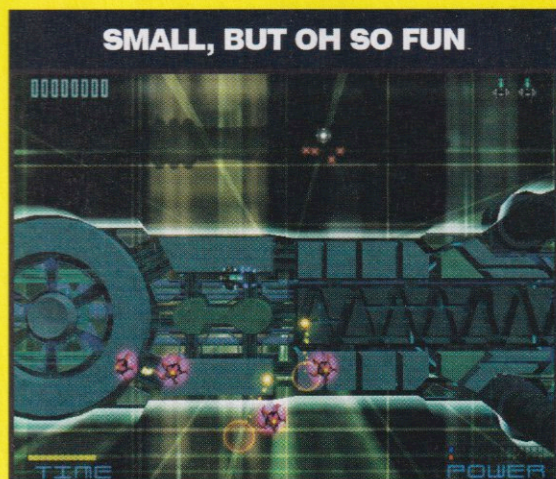

CD on back

EXCLUSIVE
DVD OFFER!

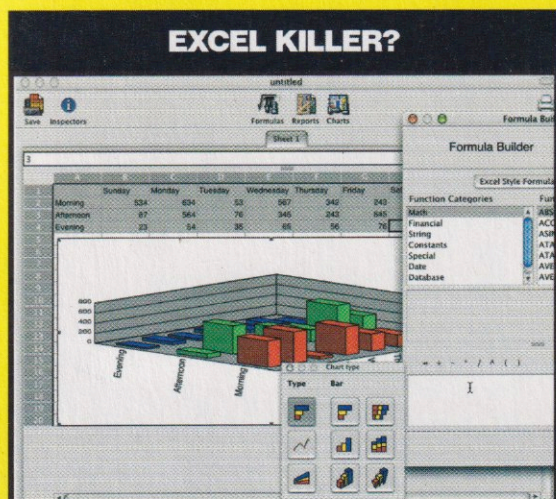

WE'VE GOT WARES

Pro 3D apps for Mac OS X are popping up everywhere! Check out the **Cinema 4D XL** demo and add it to your list of must-haves.

Once you see its graphics, you'll be blown away to discover that **Space Tripper** weighs in under 300KB! This side-scroller is addictive.

You be the judge. If you've got Mac OS X, check out the **Mesa** demo and behold this
